The Raymond Leader.

VOL. 9

RAYMOND, ALBERTA, FRIDAY, JULY 21, 1911

No 28

LOCALS

Bargains at the Mercantile Co.
Mr. C. Southworth of Taber was a visitor in town this week.

Mr. Raymond Knight left on Tuesday morning's train for Calgary.

Have you seen the cheap line of shoes at the Mercantile Co.

Mr. B. A. Stringam of Taber was a visitor in town on Wednesday.

Mr. and Mrs. Fred Burton were at the Dance on Saturday evening last.

For fly time get a screen door at the Mercantile Co.

A large number of Raymondites took advantage of the opportunity of seeing the Birdman fly make a series of flights at Lethbridge on Friday last.

Mr. and Mrs. D. H. Elton, of Lethbridge, drove over to attend the dance which was held in the Opera House on Saturday night last.

Owing to the non-appearance of the Lethbridge baseball team there was no game on Saturday evening last, which was quite a disappointment to all, as the stores had closed and everything looked promising for a good game.

Miss Arthur, of Albert W. Kirkham arrived on Monday night's train from Leth, Utah. Arthur is just visiting while Albert has accepted the position lately vacated by Mr. E. Fowler at the Mercantile Co's store. Bert is well known and respected and we give him a hearty welcome home.

"The Squaw Man" Edwin Milos Roy's little American play to be presented at the Opera House on July 26 under the direction of H. R. Pierce and Co., is generally acknowledged to be the greatest drama of western life not written in the history of American stage. This is a play of the west, romantic stirring and filled with the color and characters of the country. Critics have been unprocedently unanimous in according the "Squaw Man" the unstinted praise of being the best American romance ever staged.

The Regular Conference of the Young Ladies Mutual Improvement Association was held at the Raymond Meeting House on Tuesday.

The morning session was taken up in testimonies bearing witness to the work of the Sisters expressed themselves in regard to the work and the benefits derived from the M. I. A. work. Miss Winona Ursenbach rendered a beautiful solo, entitled "Daddy."

The afternoon session commenced at 2 o'clock. President Phoebe Evans, reported the Raymond M. I. Association in a very good working order. Sr. Zilpha Bramwell, gave a very good lecture on "What shall we read?"

Dorothy Young then sang the hymn "O, Fair, and Sweet and Holy." Sr. Ina Erickson gave a report of the Annual Conference. Lectures were given by Sr. Elizabeth Merkley of Mgraham and Sr. Amy Allen, and Mrs. B. S. Young.

A lawn party was to have been given in the evening, but owing to the stormy weather was postponed for one week.

Additional Locals on page 8

Children's Aid

Every community in the Province of Alberta should have a live, active Children's Aid Society. There are always cases of neglect and cruelty in every part of the country, which should come under the care of some person or persons who be responsible for bringing the details of these to the attention of the Department of Neglected Children, in order that the parents might be prosecuted for the criminal neglect of those for whom they should be held accountable.

A Children's Aid Society can be organized in any district where there is a desire on the part of the citizens to have such a society. The object of this Society is to receive reports of cases concerning the neglect or cruelty to children, to investigate all complaints or of ill-treatment, to place homeless children in good family homes, to report on cases where applications have been received for children, and see that the home conditions are of the proper kind to which a child should be sent.

A Children's Aid Society should stand for social uplift, sanitary housing, regular school attendance, a fair chance for the juvenile offender, and an opportunity of equal rights for every child who is born in the community.

Those who are interested in a work of this nature, neglected, Neglected Children at Edmonton, there is interest enough in the community to which the organization can be formed to form a Children's Aid Society, an organization will be started as soon as possible which will give full work under the Children's Protection Aid or Alberta.

Cardston-Raymond Game Ordered to be Played

At the meeting of the District Baseball League executive held in the parlors of the Dallas Hotel last evening the Raymond-Cardston game, which was scheduled to be played at Cardston on June 9, but which failed to materialize owing to considerable misunderstanding between the clubs was ordered to be played off on neutral grounds on a date to be named by the president of the league. Magnolia was agreed upon as the most advantageous place for the game.

There was considerable correspondence on the table from the two clubs in dispute and after a lengthy discussion in which the merits and demerits of both grounds were weighed and balanced, the above way of bridging the difficulty was arrived at. Ernest J. Cooke of Taber, in the absence of a Cardston representative, was asked by the president to advocate the Cardston phase of the question, which he did in a conscientious and able manner and it was at his suggestion that the final course was adopted.

Lethbridge Herald

Mr. J. W. Ryans made a trip to Magnolia Wednesday, for the purpose of inspecting the Sugar Beets.

Lethbridge Ball Team Stranded on Prairie

The Lethbridge ball team is in danger of losing their grip on the district league championship. The game scheduled to take place at Raymond Saturday didn't materialize. Lethbridge failed to put in an appearance upon the field of battle, and therefore defaulted the game. Why? Not because they hesitated about facing the issue. They were the victims of unfortunate circumstances.

The Alexandra bus was chartered to take them to Raymond and left about four o'clock. Everything went merrily far about six miles when the gearing of the big car went awry. An inspection of the break made it apparent that the big conveyor would never see the light into Raymond that evening so the nearest telephone was brought into requisition and autos were sought in the city to complete the journey. It was close upon seven o'clock when the first arrived and with the other two which were sent nowhere in sight there was nothing to do but call the trip off.

Raymond has nothing to gain by claiming the game and as Lethbridge and Raymond have been playing ball for three years now on the best of friendly terms there is no doubt but what the sugar town will be courteous to Lethbridge and willingly play the game on another date.

The game was to be played at Raymond and Lethbridge and Taber will be practically tie again in league race with prospects of finishing the season that way. That the best championship series will be necessary, Lethbridge Herald

The Squaw Man

No play of American life fuller of keen human interest has been presented in the last decade than "The Squaw Man" in which Geo. Dill will appear at the Opera House on Wednesday July 26th.

This play which is the work of Edwin Milos Roy is presented on entire season at Wallace's Theatre, New York, and those who have seen it declare without qualification that it is the best of all the drama dealing with western ranch life. Mr. Roy is thoroughly familiar with the locality in which his scenes are laid and with the manners and customs of its denizens. In his play he has been careful to observe the varieties at all times with the result that his work lulls and thrills with real buoyancy. His hero is a real flesh and blood and Mr. Livingston impersonates him in such a way as to make him an actuality in the minds of the audience. The story which is that of an expatriate Englishman who becomes a "saw man" that is, a furrier and Indian woman, is finally comes into his own again in a full of dramatic interest. His scenes are vividly and largely contrasted and many of situations are unique, while his language is of that simplicity and tenderness which is always so effective upon the stage.

H. R. Pierce and Co. have spared no pains nor expense to make the production complete in every particular and the age settings, it is said, are calculated to excite wonder and admiration of a generation of playgoers untrifled with elaborate stage settings. The cast too, is an extraordinary one, each member being selected with care for special adaptability to the character he or she is to present.

More About Reciprocity

OTTAWA, July 20.—With the return to the capital this week of Sir Wilford Laurier, who represented Canada at the Imperial Conference and the Coronation in London, preparations will be made for resuming of the Parliamentary session on the 19th instant. So far as the Government is concerned, practically everything is in readiness. Every effort is being made to complete the session returns at the earliest possible moment in order that the redistribution may come on without delay, and the great west may not be tricked out of the representation to which it is entitled by further obstructive tactics on the part of the anti-reciprocity interests. It was announced by Hon. Mr. Fielding, when the reciprocity debate would be resumed when the parliamentarians met in July. It will be interesting to note what position the Opposition will assume on matter in view of the summer's developments.

Before adjournment, the House of Parliament's time and columns of Hansard, the official chronicle of the House of Commons, had been said and read, and the debate had settled down into a tedious repetition of what had been said before. The Liberal members, seeing that the whole purpose of the Opposition was to serve the "saw man" and to keep up the debate as far as they were concerned and leave the onus for wasting further time to the obstruction of public business to the Opposition. When the House resumed, accordingly, the debate will be the hands of Mr. Borden and his lieutenants. In view of the Conservative leader's repeated declarations in the west that his party were not guilty of obstruction tactics, it will be significant to note what procedure will be adopted when the House meets next week.

The Toronto News, which professes to be the leading organ of Mr. Borden and the anti-reciprocity interests, in an editorial of July 6th in which it undertakes to speak the policy of Mr. Borden and the Conservative party, says "He (Mr. Borden) has declared a policy under which the manufacturers and workmen of the east will continue to enjoy an adequate measure of protection." It further proceeds: "He denies in substance, if not in words, that the Western free trade proposals are any moral, political or commercial warrant to dictate the whole fiscal policy of Canada." In this manner it is sought to align the selfish interests of the east against the progress and prosperity of the western people. The anti-reciprocity campaign of schism is, however, meeting failure even in the west. The farmers of the older provinces, like their fellow-workers on the prairies, are practically unanimous in favor of tariff relief and increased prosperity through the opening of new markets. Likewise

character he or she is to present. Idna Marshall an actress of merit and ability is the leading woman of the organization, while others in important roles are Nan Winters, Frederick Monley, Clarence Bennett, Wayne Ross, George Dill and Henry Hayden.

the workmen and artisans through their Labor Organizations are declaring almost daily for the reciprocity agreement. The opposition even in the east is confined almost exclusively to the corporate and financial interests which seem to fear that it may lead to further inroads on the tariff. The revelations of the official enquiry at Washington, when it was found that the United States trusts were financing the anti-reciprocity campaign, have not been lost upon the masses of Canadian people in all the provinces.

Another significant commentary on the insincerity of the anti-reciprocity campaign came to light this week. It will be remembered that Mr. J. W. Flavell was one of the Toronto millionaires who led in the opposition to reciprocity on the ground that it would destroy the meat packing industry in which he is engaged as President and General Manager of the William Davies Company, Limited. During the past week this company issued to the investing public through the Dominion Securities Corporation a million and a quarter dollars of bonds. The brokers print a letter signed by J. W. Flavell, in which, referring to the history and business of the company, he says: "There is every reason to expect a continued satisfactory margin of profit over

and above the interest and sinking fund requirements of this bond issue." This letter is dated, June 23rd, 1911. It is satisfactory to contract its confident tone with the prophecy of ruin for the meat packing industry which was made in the memorial presented to Sir Wilford Laurier and Hon. Mr. Fielding by Mr. Flavell and others in the month of February last. In that memorial Mr. Flavell expressed the fear that "The adoption of the proposed reciprocity agreement would result in a destruction of the meat packing industry in Ontario and Quebec."

Mr. Flavell's present statement, coupled with the statement issued a short time ago on behalf of the Burns packing concern in the west, should allay any remaining fears that may exist that the meat packing industry will not continue to enjoy reasonable profits under the proposed reciprocity agreement.

About 30 of our citizens were at Lethbridge to see the Sells-Floto Circus which was held there on Saturday, some of which returned on Saturday evening's train, while others did not arrive home until Sunday afternoon. All report a splendid time.

Friday, July 21st, 1911

It is about time some of our
local musical talent were doing
something in regard to a Choral,
or some other Society for the
purpose of winning the prizes
which are to be given
this Fall at Magrath and Car-
leton. The Choral Society which
was organized last year made
successful trips and we see no
reason why something should
not be done this year.

What has become of the Hy-
drants which were purchased for
the purpose of Fire protection for
the town?

This is a question we have heard
discussed pro and con on the street
for a long time, and we think it is
time that something should be
done in regard to this matter.

One of the main features
of the Water Works System is Fire Pro-
tection, yet we have the Water
Works System and nothing has been
done for protection against fire. The
Hydrants are laying idle and the
water is to be had, why not make
the desired connection and thus cut
the rate of Fire Insurance down?

I'm speaking of a person's faults
Pray don't forget your own:
Remember those with homes of
glass.

Should seldom throw a stone.
If we have nothing else to do.
But talk of those who sin:
'Tis better we commence at
home.

And from that point begin.

We have no right to judge a
man,

Until he's fairly tried;
Should we not like his company.
We know the world is wide.
Some may have faults, and who
has not,

The old as well as young:
Perhaps we may, for ought we
know
Have pity to their one.

I'll tell you of a better plan.
I find it works as well:
To try my own defects to cure.
Before of others tell,
And though I sometimes hope to
be

No worse than some I know,
My own short comings bid me let
The faults of others go.

Then let us all, when we com-
mence

To slander friend or foe;
Think of the harm one word may
do.

To those who little know,
Remember curses, sometimes like
Our chickens roost at home;
Don't speak of others faults until
We have none of our own.

Do you own a Farm or Home

If not, let us sell you one on easy terms.
We have over 12,000 acres of good farm lands
made up of farms containing from 5 to 700 acres
at from \$20.00 to \$60.00 a acre.

We also have a number of good home
in town for sale, and the prices are so reason-
able that you cannot help but buy if you will
investigate, or we can sell you a good lot in
any locality on easy terms.

If you are not particularly interested
in a farm or home we have something that you
are interested in, and that is MONEY.
Money? we hear some say; yes indeed. We
have a million or so to loan on farm or town
property at reasonable interest.

Call and let us explain.

SECURITY INVESTMENT CO.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of
you. Under the treatment the brain becomes active, the blood purified so that all
impurities, poisons and toxins, and the nerves become strong as steel, so that
the system is invulnerable and the body is healthy, the eyes become bright, the
face red and clear, energy restored to the body, and all nervous, physical and mental
symptoms are eradicated. All of these conditions can be cured from the inside.
You feel yourself a man and know no more of weakness and failure. Don't let quick
and false promises of your local medical man.

NO NAMES USED WITHOUT WRITTEN CONSENT.
"REMARKABLE" WITH "PARALYSIS"

BEFORE TREATMENT

AFTER TREATMENT

Before treatment, the patient was suffering from nervous debility, loss of energy, and general weakness. After treatment, the patient was cured and became a man of energy and strength.

CURES GUARANTEED OR NO PAY
We treat and cure NERVOUS DEBILITY, BLOOD AND
URINARY DISEASES, LUNACY, AND ALL KINDS OF NERVOUS AND ALL DISEASES
of the NERVOUS SYSTEM. CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question

CHAPTER XXXIV

[illegible][illegible]

Additional Locals.

The Raymond baseball team played the scheduled game with Taber on Wednesday evening and were defeated to the tune of 7 to 1. The boys had driven to Taber in autos and on arriving there were too cold to do them selves justice. The Taber team are scheduled to play here this afternoon, and we hope to see the score reversed.

The funeral over the the remains of Mr. Edwin A. Smith, was held at the meeting house on Wednesday morning at 11 o'clock. Mr. Smith had been suffering for a long time and his death was not unexpected. He leaves a wife and family to mourn his loss.
